RAAF Base Amberley's Aviation Heritage Centre is a not-for-profit, must-see attraction for everyone visiting south-east Queensland, especially military aviation history enthusiasts.

Opened in June 2011, the Heritage Centre has a range of exhibits and displays with a collection of aircraft including World War II Boston Bomber, courtesy of the Papua New Guinea Government, a Vietnam-era Canberra bomber, Caribou airlifter, Sabre and Mirage fighter jets, F-111, Macchi, Sioux and Iroquois helicopters, and an immaculate WWII jeep.

From time to time we have RAAF Amberley's operational aircraft on display and special guests such as the Amberley Brass Band, vintage car clubs or fly-in visits from restored warbirds and special interest aircraft.

The Heritage Centre, currently housed across three display hangars, is growing as more aircraft and artefacts are restored, loaned or donated for display.

The Aviation Heritage Centre is run by a team of Reservists & supported by dedicated local volunteers from the Ipswich and Brisbane communities

- each with a keen interest in military aviation history, and in particular that of South East Queensland.

When you visit our Centre, those same dedicated people will tell you about each display and the story behind it and we hope that these amazing stories get passed on from generation to generation.

Gifts, souvenirs and mementos are available for purchase by cash or EFTPOS.

To attend our monthly Public Open Day events download, complete and bring the **Public Open Day Application** found under 'Visit the Centre' on our website, www.raafamberleyheritage.gov.au

To arrange a booking for a community group or school visit, download the **Community Group Booking Request**, under 'Community and School Groups', also on our website. Bookings are essential.
